EVENING OF WEDNESDAY, NOVEMBER 3, 1966. RESERVATIONS FOR THE  
BANQUET SHOULD BE SENT TO MILTON H. NAGELY, ABILENE, KANSAS.

**STANDARD GUARANTEE**  
**(Recommended by American Shorthorn Association)**

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.

#### - WELCOME -

We welcome you to another sale of strong consignment of Shorthorn and Polled Shorthorn cattle. This year both Polled and Horned cattle will show and sell together. Like in the past, consignors over the State of Kansas hold some of their top Shorthorns for this sale. More Shorthorns are sold to out-of-state buyers in this sale than any other Shorthorn sale in Kansas. Kansas, one of the leading Shorthorn states in the nation, has had the reputation for producing good Shorthorns.

This 1966 State sale will have some of the best ever offered. Think of the time and travel it would take to drive to the many herds selling in this sale. Study the excellent pedigrees offered. Consider the out-standing sires that are back of these cattle selling Thursday, November 3rd. You may find just the right bull or female to improve your herd.

This year, immediately following the State sale, the Kansas Junior Shorthorn Association will sell eight 1966 choice heifers and about twenty steers. Sale expenses will be given to the Kansas Junior Shorthorn Association.

Milton Nagely, sale manager.
